Dear Sir,

On Thursday, April 27, representatives from your office presented an exciting assembly to our 5th and 6th grade students. Our students that have attended the program, grades 5 - 8 in all; have come away from this event with a new understanding of the dangers of the internet. Thanks to the presentation's format and your staff's delivery of the information, students were able to grasp the importance of this material.

Having this outreach program visit the school districts in our county is an excellent opportunity for students, teachers and parents. This educational instrument is a beneficial tool that can be used by all grade levels.

Thank you again for allowing us the opportunity to take advantage of this important and timely assembly.

Respectfully,

Lisa Salimbene
Dennis Township Elementary School
