County Prosecutor

FOR IMMEDIATE RELEASE

January 5, 2007

Cape May Court House, New Jersey – County Prosecutor Robert L. Taylor announced that the Prosecutor's Office received from the New Jersey State Police this afternoon the data from the downloads of the Restraint Control Module (RCM) and Powertrain Control Module (PCM) that were on the troop car being operated by Trooper Robert Higbee, involved in the September 27th fatal accident in Marmora, New Jersey. It appears the downloads were performed by Ford Motor Company late Wednesday afternoon. There is a considerable amount of data that has to be analyzed and interpreted. I am not going to discuss the data at this time.
